

# Better Public Services – Our Vision

---

# Open data as a key enabler to Better Public Services

---

**Better Public Services Transformation strategy is framed around three core themes:**

**1**

**Digital and Innovation at Scale**

**2**

**Workforce and Organisation of the Future**

**3**

**Evidence-informed policy and services designed for and with our public**

---

## Pillar 3 Evidence-informed policy and services designed for and with our public

An Roinn Caiteachais Phoiblí  
Sheachadadh PFN agus Athchóirithe  
Department of Public Expenditure  
NDP Delivery and Reform

- Deliver effective human-centred policies and services designed with evidence and insights from our public and from our data and research
- Enable accessible and shared public service data

### A Public Service that:

Builds trust in public institutions | Focuses on outcomes | Delivers climate action and sustainability

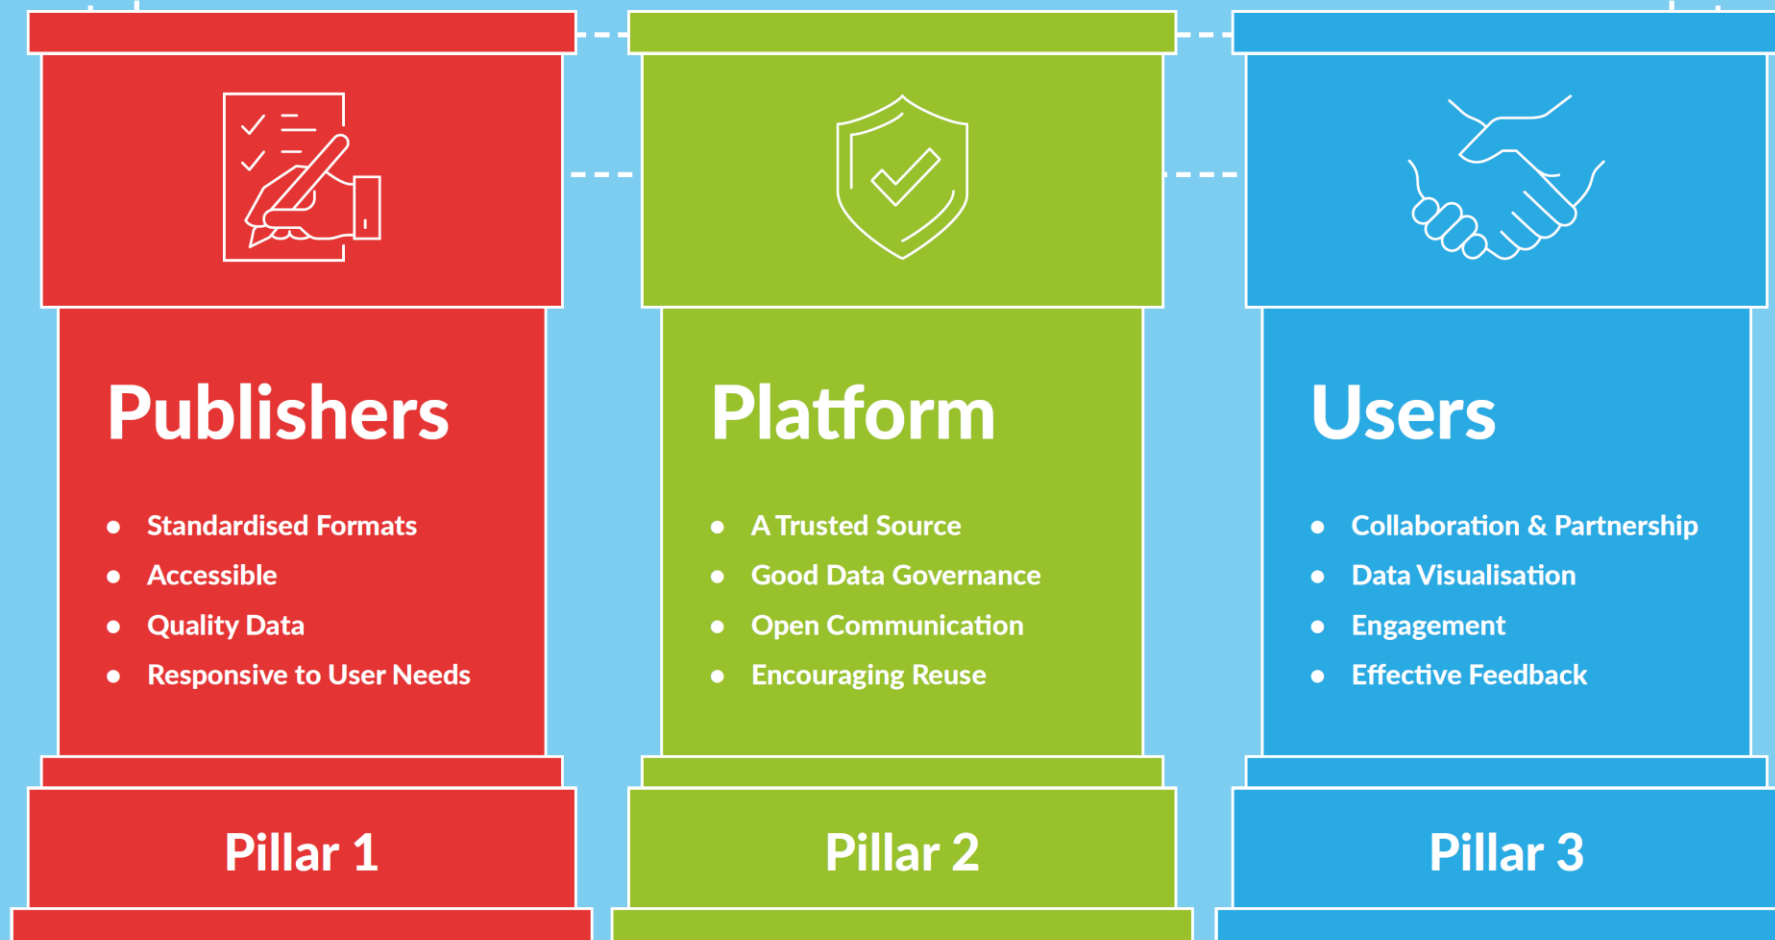

# Open Data Strategy

## Our Vision

**Creating easy access to high quality government data, promoting trust and stimulating innovation**

## Open Data Strategy Framework

# PUBLISHERS

- Standardised Formats

- Effective Feedback

# Call to Action

An Roinn Caiteachais Phoiblí  
Sheachadadh PFN agus Athchóirithe  
Department of Public Expenditure  
NDP Delivery and Reform

- Think about, collaborate on and take action on Open Data in your own organisation or sector
- Incorporate the Open Data goals and framework into your statement of strategy and business plans
- Be aware of your responsibilities under the Open Data Directive which mandates the release of public sector data in free and open formats
- Access Open Data supports provided by your organisation and by the Department of Public Expenditure, NDP Delivery and Reform

# Reach out to the Open Data Team!
